# The MVES Gap Fund

Local Elders Need Your Support

Older adults want to live in the privacy and comfort of their own homes for as long as possible. Mystic Valley Elder Services (MVES) is here to help make that happen.

Since 1975, MVES has provided information, support, home care, and community services to older adults and their caregivers in the communities of Everett, Malden, Medford, Melrose, North Reading, Reading, Stoneham, and Wakefield. We are an information and service resource for all people, regardless of their income level.

Through government-subsidized programs, we also provide home care to elders who are low-income or who have disabilities. Yet, at times community elders in need are just above these programs' eligibility requirements. These elders may be \$100 over the annual income level. Or, maybe they aren't frail enough. They fall into a "gap"—they don't qualify for government-subsidized programs but they can't afford to privately pay for home care services. They're at risk of losing their independence.

To help people in this gap, the MVES Board of Directors created "The Gap Fund" five years ago. The hope was to build a lasting home care resource for these elders

struggling in the middle. The Gap Fund continues to grow toward the goal of a \$1 million endowment fund. As we progress, the interest earned from this fund provides essential services like personal care, grocery shopping, meal preparation, and transportation to medical appointments for elders who fall in the "gap." Thanks to donors like you, we have raised over \$430,000 to date toward our overall goal.

We need your ongoing support to complete this effort and be able to offer help to more community elders who fall into the gap.

**Mrs. Davis, an 85-year-old widow, is just one person in this gap. She lives alone and is unable to bathe herself due to severe arthritis. She doesn't qualify for state-funded home care services. To remain independent and safe, she needs help today...not tomorrow, next month, or in six months from now.**

Please help people like Mrs. Davis by supporting The Gap Fund.
